

# GARLIC GRANULES

## A natural way to support your horses' health

### Characteristics

Feed material for horses, ponies and camels. Prequine Garlic Granules is made of pure garlic, which has long been recognized for its health-promoting properties. Garlic has shown it can aid in respiratory function as it can aid in clearing mucus from the airways. Next to this it can support in the digestive function, as well as in stimulating appetite through the palatable flavour. Apart from the health benefits of garlic, it can also be used in order to help reduce the number of flies in the stables or during exercise, as garlic can act as a natural fly repellent.
